Interests

Traveling I love to travel and explore new places as it gives me wisdom and peace to my mind. Live with no excuses and travel with no regrets

Future/On Going Activities

- Recently Signed Up For Mobile App Development with
- React Native. This course is offered by HarvardX on Edx.org.

- Why Learning ReactJs / ReactNative?

- As a Full Stack Developer, I should know about multiple Front-end Frameworks. And Learning React Native can be smooth for me due to the fact as an skilled Mean Stack developer I already worked with (M(mongoDb),E(expressJs), N(nodeJs)) and just need to swap (A(angular) with R(react).
